

Driving the savings!

A new daily carpooling service

The seven towns of the Thérèse-De Blainville RCM, in partnership with the *Collège Lionel-Groulx*, have just rolled out the new rive-nord.covoiturage.ca carpooling service for citizens travelling:

- on the North Shore, to Laval, Montréal or elsewhere
- on a daily or occasional basis, for short or long distances.

This Internet carpooling network will make it possible to enhance the current public transit service offering and, more importantly, to:

- reduce the number of vehicles on our roads while making it easier to get around
- reduce greenhouse gas emissions
- adopt a convivial approach to environmental protection.

EVERY PERSON CARPOOLING DAILY HELPS REDUCE CO₂ EMISSIONS BY APPROXIMATELY 1.8 TONS PER YEAR.

Fewer cars, less CO₂, more life!

HOW DOES THE CARPOOLING SYSTEM WORK?

Simple! It puts drivers and passengers travelling the same routes daily or occasionally in touch with each other.

- Online registration is FREE, easy and confidential.
- Each member notes his itinerary. The software proposes different twinning possibilities.
- Registered members establish contact via the Internet and agree on the procedure and charges (a Cost Calculator helps you determine a fair financial contribution).

CONFIDENTIALITY, A PRIORITY

An integrated message service ensures the confidentiality of the information provided by members. First and family names and email addresses cannot be viewed by other members.

The rive-nord.covoiturage.ca website is affiliated with the *Réseau de Covoiturage*, which already has more than 18,000 members... and counting!
